PREFACE

“Education is a wise, hopeful and respectful cultivation of learning undertaken in the belief that all should have the chance to share in life”.

Baruneswar Mohavidyalaya sprung up in the year-1980 in a bucolic surrounding amidst the black berry grove with its green foliage, far from the madding crowd, with the noble spirit to provide higher education to a large sect of economically deprived class, those who could not afford the cost of modern higher education. The college made a modest beginning with teaching facility in intermediate arts affiliated to Utkal University. Subsequently it has blossomed itself to become a full fledged multi-stream degree college in 1987-88 with an Eco-friendly campus of 13.38 acres. The college at present with a formidable strength of 1010 students and 70 teaching & non-teaching staff members is bustling in value-based academic and extension activities.

With all humbleness we attribute and dedicate our 35year of voyage to his almighty, Lord Baruneswar-who is sitting at a stone throw distance from the college. The college is aptly named after his almighty and enjoys his perpetual blessing.

In a fast changing education scenario, where knowledge management and knowledge explosion has created new opportunities in various fields, it is time for our introspection. To survive in a competitive environment where Indian institutions are relentlessly competing to position themselves as an attractive hub for domestic & international talents we still stick to our core values, that is to provide value based higher education to a large number of rural youth. Sometimes it is more important to discover what one can do, that one can't do. By that means we are all proud of what has been achieved so far, but at the same time we have in mind about the future challenges and opportunities.

We are highly indebted to NAAC peer team for examining our systems and validating our claim in our first accreditation. While the approval and appreciation of NAAC peer team fortified our resolve to touch greater heights in all areas of education, their fruitful suggestions have helped us to overcome the shortcomings as reported.

We offer ourselves for Cycle-2 accreditation by NAAC in order to get accreditation status which will let us serve the concerned stakeholders better.

I acknowledge my profound thanks to the editorial board that have rendered indefatigable service and my thanks especially goes to the coordinator Mr.K.B.Samal, who worked with devotion, sincerity and incessant zeal otherwise the submission of NAAC report would not be possible.

NAAC-Re-accreditation Self Study Report

As the principal of the college, I take the unique privilege to submit this report for NAAC cycle-2 assessment. I sincerely hope that this report will go a long way for our assessment.

PROF.ASHOK KUMAR PANDA

Principal

Baruneswar Mohavidyalaya,
Arei,Jajpur,Odisha.

A-EXECUTIVE SUMMARY

Baruneswar Mohavidyalaya is set to welcome the 2nd visit by the NAAC peer Team for its appraisal of this esteemed institution. This institution, one of the premier colleges in the District of Jajpur, Odisha is situated in a sylvan surroundings hallowed by gracious presence of the all pervading deity Lord Baruneswar. Taking into the immense need and indispensability of higher education in this remote & rural area of Jajpur district, the college was established in 1980. All through this 35 years journey, the vision set by its founding member remains intact. Since its inception, the institution is committed to achieve excellence in higher education, empowerment of a large sect of rural youth through knowledge and inclusive growth for socio-economic change. The college attempts to nurture the competence and creativity of rural youth through innovations in teaching-learning, research & extension activities and by creating awareness of value system, culture, heritage, scientific temper and environment

After the first assessment in 2006, wherein the college was accredited with 'B' Grade, the college has developed several quality assurance mechanisms within the existing academic & administrative system. Since last accreditation, we have successfully implemented most of the valuable suggestions of the NAAC Peer Team. But on the other hand we have failed to implement some of the suggestions due to administrative bottle-necks, financial and human-resources constraints. But our spirit is indomitable, as we believe- Institutions are a voyage, not a harbour.

The steering committee has made all efforts to put up the fact related to the progress and achievement of this college since last accreditation, through this Self-Study-Report for Cycle-2 accreditation.

The steering committee is thankful to the principal, members of the Governing Body, all faculty and support staff for their co-operation and whole-heartedness for the preparation of this SSR.

SWOC ANALYSIS OF THE INSTITUTION

STRENGTH:-

- The Institution standing at a stone throw distance from the temple of all pervading deity-Lord Baruneswar, is under the perpetual blessings of the Almighty.
- A Co-operative Governing Body.
- A green and Eco-friendly campus.
- A seasoned campaigner and a dynamic leadership in the principal.
- A democratic working atmosphere.
- A green, glossy outdoor stadium.
- An exemplary NSS & YRC unit.
- A network Research centre funded by UGC
- A disciplined, sober, co-operative and receptive student mass.
- Honours teaching facility in 09 subjects.
- Experienced, efficient and dedicated faculty.
- Provision for remedial coaching, career counseling and extra-mural activities.

WEAKNESS:-

- Shortage of Teaching and Non-Teaching staff.
- Inadequate support staff.
- Lack of adequate facilities for research and extension activities.
- Not yet able to enter into faculty exchange and student exchange programmes due to structural and governmental policy limitations.
- The Socio-economic background of many of the students admitted in the college is responsible for poor language competence.
- With the existing structure, the college finds it difficult to respond to the various needs of students.
- Office outlook to be changed.
- The institution being situated in a SC- MLA & MP constituency and considering the Socio-economic strata of the area the fee structure is very low.
- Infrastructure is yet not adequate.
- Lack of accommodation for staff members.
- Scarcity of water during summer.
- Absence of any industrial scenario for job accommodation.

OPPORTUNITY:-

- Humanistic approach of dedicated staff.
- Enough space to expand infrastructure in future.
- Making the institution a best centre of higher learning in the area with robust moral boosting.
- Growing interest among most of the teaching and non-teaching staff to be computer-literate.
- The college is having a good reputation in the locality through its socially relevant programmes such as organizing Blood-donation camps, AIDS awareness camps, plantation drive, disaster management skill and self-defense training for women.

CHALLENGES:-

- Adjusting and responding to the Choice-Based credit system (CBCS), likely to commence from coming Academic session.
- Need to create more infrastructures.
- Need to create more Honours classes.
- Need to create add-on courses.
- Need to create more accommodation facility for boys & staff members.
- Need to develop skill-development of students to equip them at par with the need of job market.
- Need to change mindset of conservative parents & students.

**C-CRITERION WISE
ANALYTICAL REPORT**

CRITERION I: CURRICULAR ASPECTS

1.1 Curriculum Planning and Implementation

1.1.1 *State the vision, mission and objectives of the institution, and describe how these are communicated to the students, teachers, staff and other stakeholders.*

❖ **Vision:**

Vision of our institution describes the aspiration for future. Our vision refers to goals that are broadest, most general and all inclusive. In fact most effective visions are those that inspires. Our vision:-

- i. Educating a large section of rural youth providing an opportunity on socially equitable footing.
- ii. Moulding individuals of both competence and confidence who could successfully take on the challenges of contemporary socio-economic-cultural setup.

❖ **Mission:**

Mission refers to our long term commitment. In fact mission statements are the hallmarks of a successful organization. We have a two point mission as follows:

- i. To achieve all-round excellence in promoting qualitative education through the culture of head, hand and heart among teachers, staffs and students.
- ii. To weed out non-performance and enhance commitment through quality assurance.

❖ **Objectives / Goals:-**

Goals/Objectives refer to the specific category of purpose for which the organization is committed. Our objectives may be summed up as follows:

- i. Dissemination of quality based Higher Education in an agrarian setup.
- ii. To bring Higher Education to every door of poverty-stricken multitudes.
- iii. To ensure the upliftment of social, cultural and economic status of the inmates.

The above mentioned vision, mission and objectives as communicated to the staff, students and stakeholders in a continuous manner through the pages of college calendar, our website, wall writings and banners on the campus.

1.1.2 **How does the institution develop and deploy action plans for effective implementation of the curriculum?**

- ❖ However we are an affiliated college to Utkal University, as per the current system we have no freedom to design our curriculum. So, the Curriculum as designed by the

Board of Studies of our University is prevailing and we have developed our own action plan for effective implementation.

- ❖ For an in time completion of the syllabus, respective teachers make a layout of the lesson plan, taking into consideration the working days available.
- ❖ Individual teachers prepare the progress report which is supervised by the HOD of the concerned department and countersigned by the principal in each month throughout the year.
- ❖ Faculty members are very much student friendly. Students are provided with study materials and lesson notes by the teachers.
- ❖ Special attention is given to weaker students through remedial coaching classes.
- ❖ Monthly test are regularly conducted on unit basis to enhance the confidence of the students to face the university examination.
- ❖ Seminars, quiz competitions are held frequently to boost the moral and smartness to skip into a future competitive environment.
- ❖ Feedback from the students is collected to find out any lapses and to bring about improvement in the quality of teaching.

1.1.3 What type of support (procedural and practical) do the teachers receive (from the University and/or institution) for effectively translating the curriculum and improving teaching practices?

- ❖ The college follows the course curriculum as designed by the Utkal University, as we are an affiliated college.
- Usually, the board of studies of the university is entrusted to prepare the syllabus for its affiliated college.
- The curriculum is changed from time to time, and the teachers are encouraged to do orientation and refresher courses so as to keep themselves updated regarding the development in various fields.
- Normal teaching days and examination schedule are Pre-scheduled by the annual calendar by Department of Higher Education, Govt. of Odisha.
- The College provides infrastructural facilities as well as use of advanced tools for effective class room teaching.
- Vi. Our faculty keep themselves updated of the changing national and global trends by attending different state level, national and International seminars and conferences.

1.1.4 Specify the initiatives taken up or contribution made by the institution for effective curriculum delivery and transaction on the Curriculum provided by the affiliating University or other statutory agency.

- ❖ Our college however is an affiliated college; we enjoy no autonomy in designing the curriculum. But, we are indirectly involved with the curriculum design, as when required, we send our experienced faculty to attend the meeting of the board of studies of the university and they put their necessary suggestion on the changes and development of the curriculum.

1.1.5 How does the institution network and interact with beneficiaries such as industry, research bodies and the university in effective operationalisation of the curriculum?

- ❖ The institution highly considers the views and opinion of experts from industries, social thinkers and members of civil societies for all round quality education in general and course-curriculum in particular.
- ❖ The institution constantly keeps in touch with its affiliated university. Regular formal and informal meetings are conducted throughout the academic section to keep abreast with the latest trends in their field of study.

Strength:

- Experienced, Motivated and resourceful faculty.
- A rich seminar library.
- Regular, Remedial and Special Classes are taken.
- Faculty regularly participate National/State level Seminar, Conducted by our college and neighboring college.

Weakness:

- Shortage of faculty.
- Students are poor in communication.
- No administrative staff.

- Shortage of store room

Opportunity:

- As in the state capital there is a national level research institute in Physics, steps can be taken for collaborative research work by the institute.
- The students of Physics Hons. have ample opportunity to pursue other professional courses.

Challenges:

- Upgradation of Laboratory.
- The faculty members of this department are to be supported to undertake collaborative research work.
- Separate dark room, optics and heat laboratory need to be installed.

Future Plans:

- Expansion of the seminar laboratory with reading room facility and introduction of career oriented courses for development of the entrepreneurial skill of the students.

34. Participation in Institutional Social Responsibility (ISR) and Extension activities:
Departmental Students participate in the extension activities of the college like NSS, YRC, Eco-Club etc.

35. SWOC analysis of the department and Future plans

Strength:

- Chemistry Honours Students will appear final examination in this session (2015-16). However their result in honours in +3 First and 2nd University is highly satisfactory.
- The department has efficient and dedicated faculty.
- The academic support staffs are very Co-operative.
- Regular, Remedial and Special classes are taken.
- Insufficient Research and extension activity.

Weakness:

- A separate laboratory for honours Students is needed.
- Shortage of faculty. As per work load two more faculty are required.
- A separate store room and a solution preparation room are also needed.

Opportunity:

- Chemistry honours Students with good results will get opportunity for higher studies in various fields like pure and applied chemistry, Bio, Marine, Agriculture chemistry and environmental studies along with other technological and also be appointed in different industries, factories and laboratories of state, National and international level.

Challenge:

- ▶ With all the limited resources faculty and supports staffs work hard for the benefit of the students.

Future Plans:

- ▶ Upgradation of the laboratory.
 - ▶ Separate room for store and preparation of solution.
 - ▶ Separate laboratory for honours students.
 - ▶ More books and journals for the students.

35. SWOC analysis of the department and Future plans

Strength:

- ▶ As a compulsory subject the teachers have taken utmost care to develop structural English talents of the pupils and become through grammatically. Students are being encouraged to speak English and develop skill of G.D. and personal interaction skill.

Weakness:

- ▶ However, dull standard of the students and deficiency of teaching hands have often posed problem to take more remedial classes quite indispensable for the students. Lack of Hon's teaching facility is greatest weakness.

Opportunity:

- ▶ Rudimentary Grammatical Knowledge has become so much essential that students properly trained can get confidence to face competitive exams. Skill of spoken English can enhance their personality development.

Challenges:

- ▶ Bureaucratic bottlenecks prevent us opening courses in communicative English which is greatly required for our students.

Future plan:

- ▶ We have a dream to establish a language Tab, open Hon's teaching and communicate English courses.

34. Participation in Institution Social Responsibility (ISR) and Extension activities: **The students and the faculty members regularly participate in the institutional social responsibility and extension activities organized by the college NSS Units and red cross unit and the health unit of the college.**

35. SWOC analysis of the department and Future plans :

STRENGTH :

- **The Strength of the department lies in the coordination among teachers. There is a separate seminar room with seminar library which helps to coordinate teacher and students in a better way. The seminar room is well equipped with ICT facilities and 24hours supply of electricity for better learning and teaching method**

WEAKNESS:

- **Shortage of fulltime teachers. Moreover, very few students opt for the honours course which is a common feature in all colleges situated in rural Odisha. More books are also required for the department library.**

OPPORTUNITY :

- **The opportunity of the department lies in the subject itself. The students have a bright future as there are many areas of further studies or jobs all over India and abroad. The syllabus is also at par to sit for competitive examinations for Govt. jobs.**

CHALLENGES:

- To produce not only good students but also good citizens from a hand full of students most of whom come from rural poor family. Improve upon communication skill and develop global competencies especially among our rural based students.

FUTURE PLAN:

- * To undertake research work/Project and publication by teachers at department, International and National level.
 - *To organize National Seminar
 - *To undertake survey work with active participation of students.

35. SWOC analysis of the department and Future plans

Strength:

➡ The population of education as a subject attracts meritorious students from the periphery. The department tried its level best to draw-out the hidden talents within the students on academic excellence & social commitments.

Weakness:

- ➡ Lack of Departmental library.
- ➡ Traditional curricula.

Opportunity:

➡ Recent boom is career opportunity in teaching profession for the subject and to be a good teacher.

Challenge:

- ▶ Faculty members need to fine-tune their ideas and skill in the rapidly changing scenario.
- ▶ Computer literacy & software teaching aids for staff & students.

Future plans:

- ▶ Opening of Honours in education.
 - ▶ Introduction of job oriented courses like Behavior Therapy to utilize the skill & employability of the students.

35. SWOC analysis of the department and Future plans

Strength:

- Experienced, motivated, dedicated and resourceful faculty.
- Faculty members regularly participant in national/international seminars and conferences.
- A rich seminar library with about 609 text and reference books
- Class rooms well equipped with interactive Smart board facilitating teaching & learning.
- Regular Remedial classes, doubt clearing classes & internal test are held.

Weakness:

- Shortage of faculties.
- Students are weak in communicative English.
- No support staff to handle seminar library.
- Lack of adequate financial support.

- Insufficient Research & Extension Activities.

Opportunity:

- Making the department a centre of higher-learning.
- Organising more regular workshops, seminars on contemporary issues.

Challenges:

- The course-curriculum is becoming out-dated with fast changing business scenario.
- Skill development of students to equip them at par with the needs of global market.
- Introduction of CBCS (Choice based credit system) from 2016-17 Academic session.

Future plan:

- Honours subjects in finance & management need to be opened.
- More career oriented programmes.
- Opening some add-in courses.
- Collaboration with other departments within & outside the college for faculty & students exchange programme.
- Opening of self-financial course on e-commerce & Retail trading.
- Opening of Post-Graduate course in commerce.

Best Practice:- I

1-Title of the Practice:- “Waste not, want not.”

2-Goal:- Waste refers to the materials of no use to us. The end products of nature or artificial processes create waste. These wastes are generally dumped as garbage in different inhabitant's site, which create environmental pollution leading to creation of different diseases.

Over the years, our planet has become a dump yard of wastes due to population explosion, industrialization, increase of more vehicles, irrational uses of polythene and various other causes. Waste is the prime cause of pollution created and therefore minimizing the waste is of huge importance. Our objective/goal is to make the students and staff aware of the hazardous effect of waste and how to treat them for better use.

3-The Content:- To save this mother earth from becoming a dump yard of waste materials, the institution took the following steps for waste management in the campus.

- i) Creating awareness among the students and staff about the waste generated in the campus.
- ii) The impacts of the waste in the college campus.
- iii) Management of those wastes in a planned manner.

It is the usually observed that food wastes, class room waste, polythene packets, chocolate coverings, the leaves of plants are the main source of waste generated in

the campus. These waste, not only creates an ugly scene to look at, but also the cause of environmental pollution, generation of disease, spreading of diseases vectors. Pollution of water, degradation of aesthetics views and occurrence of accidents sometimes.

4- The Practices:- For proper use of waste the following steps have been taken by the college authorities:-

- 1) Three adjacent pits have been installed in different places of the college to dump the wastes. The red colure pit is uses to throw the glass, tins and polythene, i. e, which are non-biodegradable. The blue colored pit is used to throw waste papers and cloth. The green colored pit is used to throw green leaves etc.
The green leaves in the green pit forside composites which are used in college garden.
- 2) Students are awarded to use re-filled ball pens instead of one-chance dot/ball pens.
- 3) The campus has been declared as a polythene free zone.

5- Evidence of Success:- The students & staff members pickle up different kinds of waste and throw it in proper place. It has become a regular practice among them. Articles as wall magazines are contributed by students on waste management. Students are keeping restraint in the use of plastic product. Use of paper carry bags and gunny bags habits has been developed with students.

6- Problems encountered & resources required:- Small dustbins should be provided with each class room, as more waste like paper & used ball pen is generated near the class room. The college needs more funds for this purpose. Seminars & orientations in more numbers should be arranged to encourage the students.

7- Notes (Optional):- A seminar on plastic waste management was organized by the Dept. Of Chemistry of the college on 30th November, 2010 & 1st December, 2010.

- To counsel & motivate women's for leading a dignified life.
- To bring women to the national main stream.
- To create a strong & healthy society.
- To contribute to national development.

3- The Context:- The institution firmly believes that equitable and inclusive growth of a society is possible only through the active participation of the women, who contributes nearly half of the population. The college at present has more number of girl students than boys. To the empower the women, the college is committed since its inception. Issues like gender discrimination, lack of division valuing powers and pressure of social activities cause acute depression among women. They feel insecure both in and outside the home. Enhancing women's economic students is also another aspect to boost their morals. Training in martial art values them

physically fit to manage them in adverse situation. Career oriented training enables them to become economically independent. Special classes on personality development & communication skills are provided to ensure employability.

4- The Practice:- As committed to empower the women, the women's Grievance Cell has dedicated itself to improve the lives of young women through counseling and advocacy of a range of services that promotes personal growth & economic independence. The cell enthusiastically engages in advocacy work to achieve greater equality and social justice for women. The cell provides counseling to women in issues like health, hygiene and income generation. Under the career oriented programme, young women are given short term training programme on soft-toy making; mobile repairing courses to enhance their skill. From the Academic year 2015-16 self defense training programme has been made compulsory for all women.

5- Evidence of Success:- Our girl unit of NSS renders valuable community service, for which they are honoured many times. During the Annual "Baruneswar Fair" that falls from January, 14th to 22nd each year, our women volunteers take active part in keeping the fairground clean every morning, controlling, traffic, creating awareness on AIDS, dowry and other social evils. In the NSS adopted villages the girls also learns the art of pot decoration & bamboo basket making from the village craftsman. Under the career oriented programme, girls students have been trained the art of soft toy making & mobile repairing training & certificates have been issued to them. The self defense training has boosted their self confidence and self esteem. It has elevated their stress and restricted their normally

6- Problem encountered & resources required:-

The main problem encountered was in bringing women out from their conservative & non-supportive families governed by a conservative mind set. There is need for more professionals to impart training for various vocational courses, for which fund is a restraint.
